

The Berkeley Startup Cluster strives to make Berkeley a more vibrant, accessible and equitable place for startups to launch and grow.

OBJECTIVES

Provide local innovators with information about resources and opportunities.

Host quality events and cultivate networks for Berkeley entrepreneurs.

Improve Berkeley's image as a place for startups.

Increase the diversity of participants in the innovation sector.

Align city policy to support local innovation and startup growth.

Develop local infrastructure to meet the needs of the innovation sector.

Match businesses with suitable office and wet lab space.
